For Release 4:00 PMEST  
March 21, 2003

### **Corps to host Marmet public workshop**

HUNTINGTON, WV... The U.S. Army Corps of Engineers, Huntington District, will conduct a public workshop in Belle, West Virginia, Monday, March 24, from 1-4 p.m. and 6-8:30 p.m. The purpose of this workshop is to inform the public of proposed changes in the Marmet Lock Replacement Project and to gain insights into community concerns for the proposal. The meeting will be held in the Belle Fire Department located at 708 East Dupont Avenue.

The Corps is considering allowing a large portion of excavated soil to be used as clean fill on a site owned by Dupont. The workshop will provide citizens with information about this proposed change and how the Corps is investigating potential effects.

For more information, please contact Michael Keathley at 502 Eighth Street, Huntington, WV 25701 or call 304-529-5464.
